

## THE FIRST FULLY UPGRADEABLE TIMING SYSTEM UNDER \$5,000

Lynx packages contain everything you need to produce NFHS-approved Fully Automatic Timing (F.A.T.) and Results. The Scholastic Package produces photo-finish results at 600 frames per second – that's 10 times more precise than alternative timing systems (60 fps).

*“3-9-6: When fully automatic timing (FAT) is used, timing shall be recorded in one one-hundredths of a second and all ties for place finishes and/or determining qualifiers for a subsequent round shall be broken by using timing to one one-thousandths of a second if the system allows”* (2009 Track & Field Rule Changes, NFHS.org).

Lynx photo-finish systems are used at the highest level of competition; but for the first time, the world's finest linescan technology is available in a packaged solution for only \$4,995. The Scholastic Package includes all necessary cables, camera mounting hardware, LynxPad Meet Management Software, FinishLynx Lite Results Software, and a fully upgradeable photo-finish camera that produces results accurate to 1/1000<sup>th</sup> of a second. This system offers all the benefits of digital F.A.T. at an unprecedented cost.

## THE SCHOLASTIC PACKAGE INCLUDES:

- **Camera: EtherLynx Scholastic**, 600 frames/second, 500 pixel image height, monochrome, timer-enabled
  - Fixed 25mm  $f1.2$ , C-Mount Lens
- Start Sensor, Capture Button, and 500' Start Cable
- 6' Mounting Tripod and Geared Head
- Easy to follow Quick Start Guide for rapid setup
- All-inclusive Camera Power & Connection Cable Set
- Custom Storage/Carrying Case
- Access to Lynx Technical Support
- 1-Year Renewable Warranty
- LynxPad Meet Management Software
- FinishLynx Results Software
- Ability to add or upgrade components at a later date

# SCHOLASTIC PACKAGE:

# \$4,995

## BENEFITS OF THE SCHOLASTIC PACKAGE

The Scholastic package is an all-inclusive digital photo-finish and timing solution, allowing you to produce F.A.T. results right out of the box. If you're considering Lynx technology, you're not alone. Lynx systems are already used by over 1000 high schools across the country. And as the NFHS and many state-wide athletic organizations adopt stricter timing and results policies, we've seen many more schools giving up hand timing in favor of Lynx packaged solutions.

### YOU MAKE THE COMPARISON

Image Resolution	600 frames/second
Time Accuracy	1/1000 <sup>th</sup> of a second
Capture Device	Linescan Camera
Meet Management Software	LynxPad (included)
Zero Gun Test (start signal accuracy)	Yes
Component Upgrades	Yes
Max. Time Accuracy Upgrade	1/10,000 <sup>th</sup> of a sec.

The Scholastic Package makes it even easier for schools of all sizes to adopt Fully Automatic Timing. Lynx packages are truly a long term investment that will pay dividends for years to come. Say goodbye to hiring hand-timers, soliciting volunteers, and producing unofficial results. More importantly, if your program grows and are looking to host bigger meets, the system can be upgraded at any time for color images, remote lens and positioning capabilities, or even one of our more advanced packages.

## SIMPLE TO USE AND ACCURATE

### Software

The Scholastic Package uses a simplified version of our renowned **FinishLynx** photo-finish results software. This software captures F.A.T. results right on your laptop and is compatible with any Windows-based computer. The easy-to-use software is perfect for schools making the switch to Fully Automatic Timing from manual or video timing systems.

The Scholastic Package also includes **LynxPad** Meet Management Software organizes athlete names, hip numbers, affiliations, and seed marks in a simple, file-based format. Full integration with FinishLynx means it's easy to generate complete F.A.T. results.

### Hardware

Position your camera and connect three cables to your camera and you are ready to go!
